

FROM THE DESK OF ANNETTE MARCUM

Dear Friends and Neighbors,

The purpose of our Annual Report is to give you, our supporters, a total picture of how our funding is raised and spent to help fight hunger and homelessness in our service area, San Lorenzo Valley and Scotts Valley to the summit. We Mission out county wide during the Holidays.

We accomplish this by holding administrative costs of operating our buildings, vehicles and two part time paid staff (Linda Lovelace, Operations Director and Linda Meyer, Administrative Assistant) to a mere 5.6%. In addition, we operate with a 98% volunteer staff, all having a deep commitment to help people in crisis situations. I myself reached 50,000 volunteer hours on January 10, 2011.

We thank those who voted us Valley Press/Banner's favorite non-profit organization for the 5th year in a row. Felton 4-H recognized us among their First Responders in Santa Cruz County for our Disaster Center and Services. Two of our volunteers received the Red Cross Hero Award for animal rescue, Al and Lynn Feischmann.

Our economy has continued to be in a state of depression, with home foreclosures, skyrocketing food costs and continuing cut-backs affecting the most fragile of our society: low income seniors, the disabled and people in the low income category.

MISSION STATEMENT

Valley Churches United Missions is a coalition of church and community volunteers working together to perform humanitarian acts by providing immediate direct aid to the San Lorenzo Valley and Scotts Valley residents in their time of need.

VCUM: A BRIEF HISTORY

1982 The storms which caused mud slides and floods resulting in loss of lives and severe property damage inspired this grassroots group to organize at St. Andrew's Episcopal Church in Ben Lomond under the direction of Annette Marcum to aid victims of this disaster.

1985 Valley Churches United was founded by Annette Marcum bringing together representatives of area churches and the community to form a distribution site in our area for USDA food, a food pantry, and social services.

1987 Valley Churches United received a grant of \$5,000 from Hands Across America and founded the Valley Resource Center to house the VCUM food pantry as well as unite under one roof various governmental and community organizations to provide a variety of social services to valley residents.

1989 The Loma Prieta Earthquake created devastating property loss. VCUM responded to the needs by opening a Disaster Center that channeled over a half million donated dollars in items and cash to assist 3,042 disaster victims. Annette Marcum was the recipient for VCUM of the National FEMA Award for Disaster Response.

1990 VCUM was forced to relocate due to the rebuilding of Ben Lomond Market. With the assistance of our County Supervisor, United Way, and Santa Cruz Greater Community Foundation as well as the generosity of our community, VCUM moved into its own location separate from Valley Resource Center. Similar names and the common location had created confusion as to organizational responsibilities.

1996 VCUM purchased, refurbished and moved to its permanent location in downtown Ben Lomond. Fulfilling a mission of service to assist the less fortunate in times of crisis, VCUM was the only non-profit organization in Santa Cruz County operating on a budget of a half million dollars a year totally staffed by volunteers and with no government funding.

1998 El Nino storms pounded our valley during January and February creating many disaster victims. Our VCUM facility became a disaster relief center for the community. Our storage area flooded, causing losses of over \$60,000 in food supplies inventory.

2010 To date: in our years of operation, we have raised 16.5 million dollars in cash and items to low-income families and disaster victims in direct aid for food, shelter, medical and disaster relief to San Lorenzo and Scotts Valley residents in their time of need.

VCUM's programs include emergency food distribution, direct aid assistance for crisis rent, utility and medical needs, educational supplies, disaster relief, Holiday projects (Easter, Thanksgiving and the Valley Christmas Project), and USDA and Grey Bears food distributions.

A Grand Mission of Love and Giving Since 1982

2010 29th Annual

Valley Christmas Project Report

Our 29th Annual Holiday project touched the lives of 7,949 people county-wide. This grassroots project mission starts with serving all in need in the San Lorenzo Valley and Scotts Valley areas, and then missions out with donations received from out of area, to 27 agencies providing direct aid to lonely nursing home residents, incarcerated youth, low income families, mentally ill and county homeless. VCUM is truly a Mission of Love, not a church or religious organization, but community volunteers helping neighbors in need with direct aid.

Your generous contributions provided holiday meals, food, food certificates and brightly wrapped new gifts. Our Senior Project boxes were distributed to 418 seniors.

\$307,565 was contributed in cash donations and item donations valued at \$290,732 were received. Total receipts were \$598,297. Our Administrative total cost was 5.2%. Dedicated volunteers devoted 7,450 hours and 5,623 students participated in the Canned Food Drives for a total of 25,547 lbs. of food collected. The "Grand Can Award" went to Vine Hill Elementary School in Scotts Valley, and SLV High School in the San Lorenzo Valley. The SLV Middle School Winter Carnival brought in \$2,036. Youth groups baked cookies, decorated boxes and cookie bags, and made cards. For the Stocking Project, 1,089 Santa wishes were answered, valued at \$43,560. Business Food Drives collected 23,938 lbs., valued at \$35,907.

continued...

Businesses, SLV and SV Chambers of Commerce, churches, schools and service clubs and youth groups held community fundraising events, raising \$52,185 in cash and items.

We thank all of you in this second year of economic crisis for being a part of this caring project.

Recipient thank you letters continue to pour in. One quoted, "You have renewed our faith in our fellow man. My heart has been opened to see the true meaning of Christmas. Our valley children are so blessed and lucky and grateful for this project."

Remember, "Hunger doesn't take a Holiday." We operate our direct aid programs 5 days a week year round with our 98% volunteer staff, and no government funding.

Love,
Annette Marcum, Executive Director
Linda Lovelace, Operations Director

Twenty-one Churches appear on our member list. Clergy continue to spread the word of direct aid needed year round. Many participate during the Holidays by distributing grocery bags and coin cans to be filled. Several maintain long-standing traditions by sponsoring fundraiser events. Many of our long-standing volunteers originally learned of VCUM's mission through their clergy. However, we are not a church or religious organization. Church cash donations raised \$5,389 plus church community events and item donations.

NOTES OF THANKS RECEIVED IN 2010

“My family has had a difficult couple of months lately - anything & everything that could go wrong seemed to be happening all at once & lasting months! Finally I went to VCUM & requested help with food & school supplies. I got much needed food & a Safeway certificate! That was so unexpected & so needed! The children received backpacks fully stocked with supplies which made them feel so good about their first day of school. I felt so blessed & proud that my children felt confident & ready for the new school year. All of this because of community donations. It takes extended family to help raise our children.”

“I can’t begin to express my gratitude for the food & gifts provided to my family this holiday season. This is the first time that I have been the recipient of such generous charity. I am floored at what you and your donors helped us with! As a conscientious single mom who has always been able to provide for my son, I just can’t tell you how much I appreciate what you did for us. The food provided will feed us for a long time!

The Safeway vouchers were an unexpected surprise. I just loved how friendly and helpful everyone was. After standing in the rain, it warmed me just to see the smiles and the generous spirit of your dedicated staff and volunteers.

We weren’t going to submit a letter to Santa for my 15 year old son because I figured he was too old to participate, and frankly, he was ashamed to appear needy. But we were encouraged by your staff to write a letter and we both were shocked to the point of tears to find warm clothes (exactly what he needed) and not one, but two gift cards to his favorite stores. I just about fainted! He was completely speechless. He looked at me with utter wonder and whispered “These people don’t even know me! How could they care about me like this?” I shook my head and agreed, “I don’t know; there really are good people out there.” We could understand perhaps small gifts for the little kids, but so much was given to us.

When I was working I had a small portion of my check go to the Laurel St. Women’s Center. I really had no clue just how much I may have been helping someone... I had no idea how it felt to be on the receiving end, and now I’ll never stop donating whatever I can to them and now also to Valley Churches. Thank you.”

“For all of my 96 years of living in so many places, I am lucky to live here, in San Lorenzo Valley in my old age. Thank you so much for all you do.”

Put your money where your life is.

As you can imagine VCUM is currently inundated with families, seniors and disabled adults seeking assistance in this economic climate.

VCUM is currently facing challenges of fundraising and rising expenses, as are many charitable organizations. We feel it is necessary and appropriate to utilize as much of your donations as possible for direct aid to clients.

Any sponsor funding received after publication of this report will be acknowledged in our next mailing.
